

CATALOGUE 2016 GERMAN AS A FOREIGN LANGUAGE

PONS

Hallo Welt.

HELLO WORLD.

Learning German is no easy task for non-native speakers: The language is complex and difficult – with an immense vocabulary and a grammar that is very hard to master. German is also a wonderfully precise language and many words have found their way into other languages thanks to their unmatched accuracy: *Zeitgeist*, *Kindergarten*, and *Weltschmerz* are just a few examples.

At PONS Verlag, we have made it our task to make languages as easy and accessible as possible. The completely new concept used in the “visual learning” series helps learners retain the material using visual representations.

Our expansive range of offers, including audio files for pronunciation, digital look-up features, apps and more, provides learners with the most immersive experience possible.

Language is the key to opening a world of possibilities.

Enjoy the read!
Best regards,

Erhard Schmidt

STEP-BY-STEP TO SUCCESS

Learn more efficiently with the new PONS principle:

Immerse – understand – apply:

The textbook and audio CDs expand learners' knowledge of German. They will deepen their grammar and vocabulary, read engaging texts and learn to communicate at the B2 level.

With the online tests, learners can test their skills via interactive exercises and thereby stay motivated to continue.

A list with all of the words and phrases from the lessons is available online with translations in English, French, Russian and Spanish.

For beginners with basic knowledge and returning learners (A2) to advanced learners (B2).

The multimedia and multi-sensory language course for German as a foreign language includes a textbook, 2 audio & MP3 CDs and online tests.

LEARNING
VOCABULARY WITH
THE 5-SLOT METHOD

Includes vocabulary cards.

800 thematically sorted vocabulary cards with 1,500 examples and phrases. The proven **5-slot method** for learning success.

EXTRA: **Picture cards** with the 100 most important words help learners retain the vocabulary in long-term memory.

Power Vocabulary Box
German as a Foreign Language
ISBN 978-3-12-562716-1
€14.99 [DE] / €15.50 [AT] /
Fr. 17.30 [CH] (UVP)

Only for learners who are fluent in the source language

HERE'S HOW THE 5-SLOT LEARNING PRINCIPLE WORKS:

- 1 All words that are not yet memorized are placed in slot 1.
- 2 Go through the cards from slot 1. If you know the translation, place the card in slot 2. If not, return it to slot 1.
- 3 Repeat the cards in slot 1 until you have them down and then insert them into slot 2.
- 4 As soon as slot 2 is full, repeat the process with the cards in it. If you cannot remember a word, put it back into slot 1. If you still know the word, place it in slot 3. Do the same with slots 3 and 4. Important: Vocabulary words that you no longer remember always go back to slot 1!
- 5 You did it! When all the cards are in slot 5, the words should be anchored in your long-term memory.

The German vocabulary words are translated into English, French, Spanish and Russian on the rear side.

Quickly and easily learn the successful 5-fold principle with the 4 divider cards.

The vocabulary words are arranged thematically. Each word is supplemented with an indication of the correct pronunciation and a sample sentence for correct application.
